If you are a residential customer of Eversource or The United Illuminating Company (UI), you may be eligible for a low-interest loan to purchase and install an energy efficient heating system.

**0.99% APR**
financing for residential heating equipment upgrades or conversions for life of loan

**Loans up to $15,000**

**On-Bill Payments**
The loan is repaid through your electric bill and will display the original loan amount less loan payments. If the property is sold, the unpaid loan may be paid off in full or transferred to the new owner.

**Loan terms up to 10 years**
Low monthly payments on loan terms from 3 to 10 years that will result in a monthly payment equal to or less than your projected monthly energy savings

**Finance Up to 90%**
of the heating system equipment and installation depending on projected energy savings - more energy savings equal a lower down payment
**Who is Eligible?**

- Applicant must own the property
- Residential rate customers of participating utilities
- Applicant must have their electric account with Eversource or United Illuminating
- The primary borrower must be the property owner & be listed on the electric account.
- Applicants must be current on their electric utility bill and have had either:
  - no late payment charges for the most recent six (6) consecutive months or
